REGISTRATION INSTRUCTIONS
IMPORTANT FACTS YOU SHOULD KNOW

1. The program of courses listed on your registration card is considered your official registration for the quarter. You will be held responsible for the satisfactory completion of the entire program unless an official "Change of Registration" form is filed with the I.B.M. Office.
2. When once registration has been completed, the discontinuing of a class, the electing of a class, or any change whatsoever must be made on a "Change of Registration" form approved by your Dean or counselor. (Complete instructions are printed on the back of the form.)
3. An incompleeted course of study may be completed during the nex' regular quarter of the student's residence, provided that the next quarter of residence is within one year of the time of the incompletion of the course. If a student does not complete a course within the prescribed time, his grade for the course automatically becomes an "E."
4. After the second week of each quarter further enrollments or registration in courses is not permitted. If a student withdraws from a class after three weeks of a quarter, the permanent record will show the letter "W" for the class in question. A student is not permitted to withdraw from a course after the sixth week of the quarter unless he is doing passing work at the time he desires to withdraw. Otherwise an "E" will be recorded on the official records for the course.
5. After the first week of each quarter there is a fee of \$1.00 for each change of registration (adding a course or discontinuing a course.) This is payable at the Treasurer's Office and will be receipted on the "Change of Registration" form.
6. If you find it necessary to discontinue school before the end of the quarter, you must clear with the Dean of Students, Room 380 Maeser Building; or you will be given an "E" on the official records for each class.
7. Class numbers which include the letter "P" indicate private courses for which there is a special fee. This fee is payable at the Treasurer's Office.
8. Regular attendance is required at all recitations, laboratory and field work. The chairman of attendance and scholarship has general supervision of the disciplinary work of the institution. Regular students who are not satisfactorily carrying at least ten hour's work will not be allowed to remain in the institution. Students who fail to make a grade of "C" in at least ten hours of academic work will be on probation for the following quarter. Only one quarter of probationary standing will be allowed.
9. Undergraduate students in good standing may register for as many as 17 hours of credit in any one quarter by following the regular registration procedures. If for any reason a student feels he should carry more than 17 hours of credit in one quarter, he should consult his Dean prior to registering, present his reasons, and secure the Dean's approval. In no case, however, can the Dean grant approval of a registration of more than 19 hours of credit. The right to approve credit loads of more than 19 hours is reserved by the University Council, approval being granted only under the most urgent circumstances, and in the case of clearly superior students. A petition to the University Council must come to it through the student's Dean, and will not be heard unless the Dean approves it.

Students who register late should register with one of the following Deans or the Counseling Service, or through the following Chairman of Departments.

REGISTRATION INSTRUCTIONS
IMPORTANT FACTS YOU SHOULD KNOW

1. The program of courses listed on your registration card is considered your official registration for the quarter. You will be held responsible for the satisfactory completion of the entire program unless an official "Change of Registration" form is filed with the I.B.M. Office.
2. When once registration has been completed, the discontinuing of a class, the electing of a class, or any change whatsoever must be made on a "Change of Registration" form approved by your Dean or counselor. (Complete instructions are printed on the back of the form.)
3. An incompleting course of study may be completed during the next regular quarter of the student's residence, provided that the next quarter of residence is within one year of the time of the incompleting of the course. If a student does not complete a course within the prescribed time, his grade for the course automatically becomes an "E."
4. After the second week of each quarter further enrollments or registration in courses is not permitted. If a student withdraws from a class after three weeks of a quarter, the permanent record will show the letter "W" for the class in question. A student is not permitted to withdraw from a course after the sixth week of the quarter unless he is doing passing work at the time he desires to withdraw. Otherwise an "E" will be recorded on the official records for the course.
5. After the first week of each quarter there is a fee of \$1.00 for each change of registration (adding a course or discontinuing a course.) This is payable at the Treasurer's Office and will be receipted on the "Change of Registration" form.
6. If you find it necessary to discontinue school before the end of the quarter, you must clear with the Dean of Students, Room 380 Maeser Building; or you will be given an "E" on the official records for each class.
7. Class numbers which include the letter "P" indicate private courses for which there is a special fee. This fee is payable at the Treasurer's Office.
8. Regular attendance is required at all recitations, laboratory and field work. The chairman of attendance and scholarship has general supervision of the disciplinary work of the institution. Regular students who are not satisfactorily carrying at least ten hour's work will not be allowed to remain in the institution. Students who fail to make a grade of "C" in at least ten hours of academic work will be on probation for the following quarter. Only one quarter of probationary standing will be allowed.
9. Undergraduate students in good standing may register for as many as 17 hours of credit in any one quarter by following the regular registration procedures. If for any reason a student feels he should carry more than 17 hours of credit in one quarter, he should consult his Dean prior to registering, present his reasons, and secure the Dean's approval. In no case, however, can the Dean grant approval of a registration of more than 19 hours of credit. The right to approve credit loads of more than 19 hours is reserved by the University Council, approval being granted only under the most urgent circumstances, and in the case of clearly superior students. A petition to the University Council must come to it through the student's Dean, and will not be heard unless the Dean approves it.

Students who register late should register with one of the following Deans or the Counseling Service, or through the following Chairman of Departments.

IMPORTANT FACTS YOU SHOULD KNOW

Classes indicated as F are for the first term June 15 - July 17

Classes indicated as S are for the second term July 20 - Aug. 21

Classes indicated as C continue through both terms June 15 - Aug. 21

All Students are invited to attend Devotional Exercises which will be held each Tuesday and Thursday at the third period both terms (9:45--10:45)

1. Courses which do not draw a proper number of students by Wednesday of the first week will be discontinued by the Dean of the Summer School. Students who can register in the first term for a course indicated as being repeated in the second term should do so. Registration should be as complete as possible for the full 10 weeks.

2. The program of courses listed on your Registration card is considered official registration for the quarter. You will be held responsible for the completion of the entire program unless an official "Change in Registration" form is filed with the I. B. M. Office.

3. When once registration has been completed, the discontinuing of a class, the electing of a class, or any change whatsoever must be made on a "Change of Registration" form approved by your dean or counselor. (The forms may be obtained from the I. B. M. Office. Complete instructions are printed on the back of the form.)

4. After Saturday of the first week of each term, there is a fee of \$1.00 for each change of registration (adding a course or discontinuing a course.) This is payable at the Treasurer's Office and will be receipted on the "Change of Registration" Form.

5. If you find it necessary to discontinue school before the end of the quarter, you must clear with the Dean of Students, Room 380 Maeser Building, or you will be given an "E" on the official records for each class.

6. Class numbers which include the letter "P" indicate private courses for which there is a special fee. This fee is payable at the Treasurer's Office.
